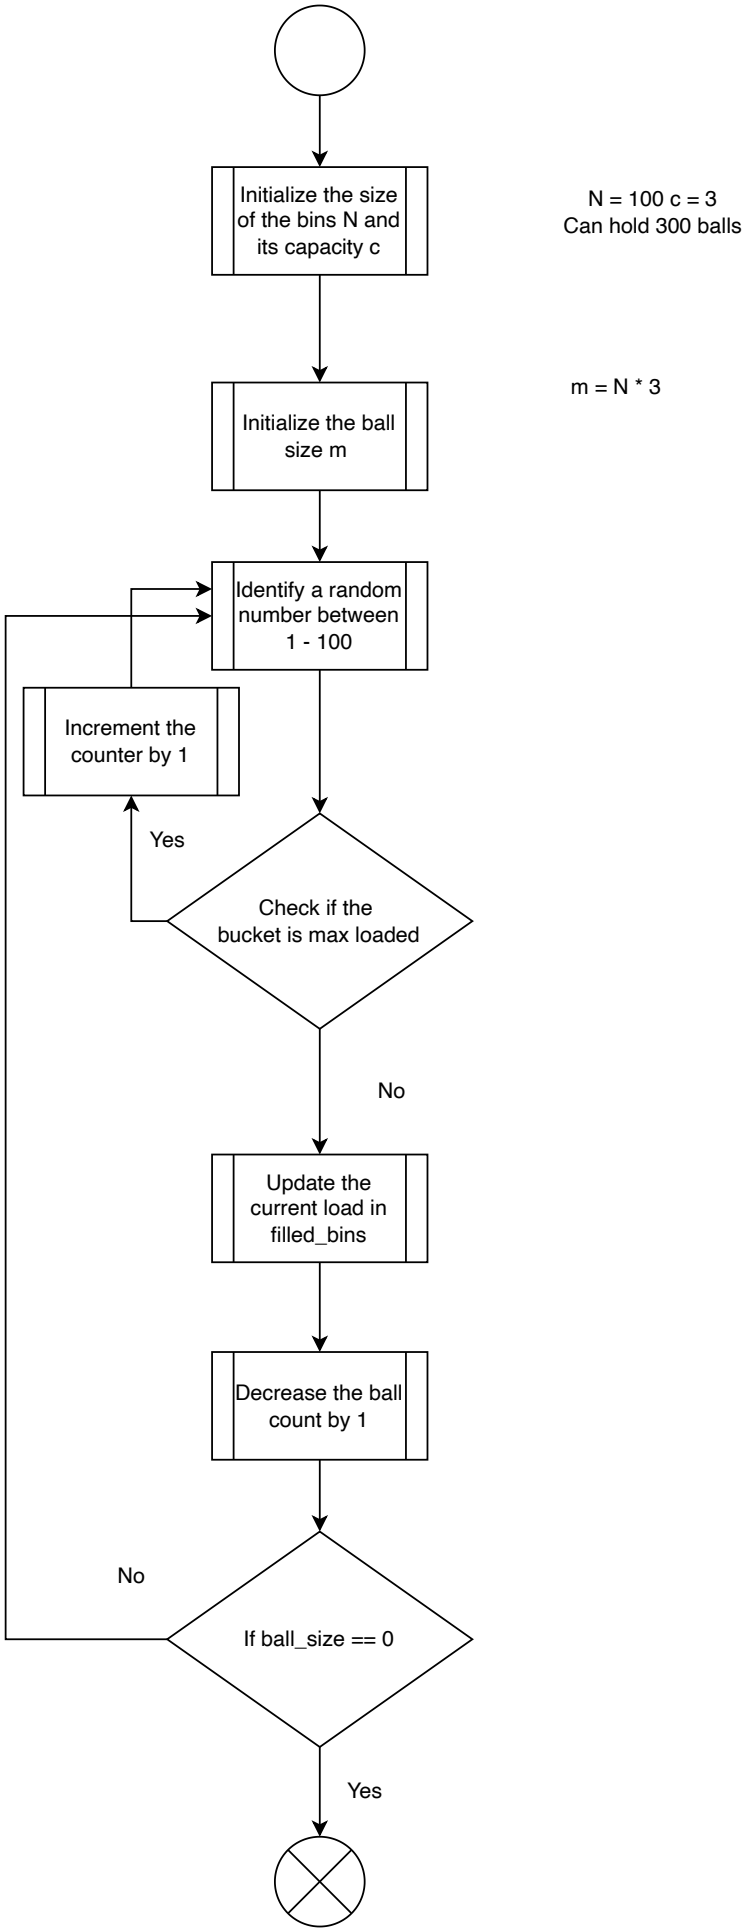
Ball
bin_id: int



Initialize the size of the bins N and its capacity c
N = 100 c = 3
Can hold 300 balls
Initialize the ball size m
m = N * 3
Identify a random number between 1 - 100
Increment the counter by 1
Yes
Check if the bucket is max loaded
No
Update the current load in filled_bins
Decrease the ball count by 1
No
If ball_size == 0
Yes
